

President – Mr Peter Kershaw

2015 SEASON REPORT

'A coach in every club' is the coaching society's aim. We are gradually getting there with several more clubs attending seminars for Assistant Club Coaches in 2015.

Several clubs have forged links with schools and other youth groups and some now have thriving junior sections. The schools AYP (Active Young People) formerly the 5x60 officers, can be very helpful in arranging school liaison.

Community Chest Grants are readily available for paying for training fees and buying equipment, they are accessed via the Sports Development department in each local authority.

At the end of 2014 we lost Gareth Tibbetts, as he moved away, and this year sadly Martin Fowell passed away, his knowledge and enthusiasm are very much missed. Gareth and Martin were instrumental in producing the Club Coach training manual and the template for training.

We aim to concentrate on Club Coach training in 2016 as there are a number of Assistant club coaches who have expressed an interest in taking the next level.

We will of course still be holding Assistant club coach seminars as there are several names on the waiting list. Please contact the secretary if you would like more information.
