

## PRESS OFFICERS REPORT 2015

The press coverage this year has been very good, contact has been made with North Wales Media and North Wales Weekly News. I have seen both their portfolios and our coverage in Wales should be very good but I have no proof of which publications my reports have actually gone to press. I do know that The Leader and the North Wales Weekly News have been publishing my reports, along with photographs I have sent them. I have had no feedback from the Flintshire, so I cannot comment on this area. The North Wales Weekly News has also published everything I have sent them including photographs, they have done us proud considering the amount of sport they cover and publish in their newspaper.

We have two "groups" on Facebook, WCGBA and Welsh Junior Bowls, both groups I have kept up to date, creating "events" on both groups and the response has been terrific, sometimes reaching 500. My thanks to Simon Walker who has published posters on both groups advertising county matches with the Bowl4Life website also having publicity on the poster.

The WCGBA website has also been full of information regarding all county matches having pre match details of teams selected and the results of the matches, competitions and all the individual merits being posted on the website not long after the completion of the competition.

David Jones  
WCGBA Press Officer
